

# HEART LAKE FIRST NATION

May 13, 2019

To Whom It May Concern

RE: Eagleye NDT Inc.

This letter will serve to confirm that the Heart Lake First Nation has entered into a partnership agreement with Eagleye NDT. Under the terms of the agreement, Non Destructive Testing services will be provided to companies within the Heart Lake Traditional Lands as defined within the partnership agreement.

Eagleye provides world class service across a broad range of Non Destructive Testing services and in partnership with Heart Lake will be able to meet the needs of client companies as required.

This agreement creates major benefit for the Heart Lake First Nation. There will be training and long term employment opportunities for Heart Lake members. Financial benefit flows back to the community and is utilized for program delivery, housing and infrastructure.

Eagleye are also committed to supporting the community through participation and support of events. These include job fairs, Pow Wow, Christmas celebrations as well as others.

The Heart Lake First Nation and Eagleye are both fully committed to our partnership. We rely on the aboriginal content commitments of ethical companies operating within our Traditional Lands to provide benefit back to the First Nation. We are fully confident that we can provide quality services at competitive rates.

Yours Truly

Ken Staples, General Manager  
Heart Lake Group of Companies
